

Secular Jewish Sunday School seeking enthusiastic teachers

The Secular Jewish Community & School is an organization committed to teaching and celebrating Jewish history, culture, music, literature, values and identity in a secular, humanistic context.

Our community is diverse and inclusive in our beliefs, our backgrounds and our family structures. We are a group of people who gather in Oak Park to celebrate and explore our Jewish heritage in a nonreligious context and provide our children with Jewish education.

We are seeking teachers to work three Sundays a month from 9:00 to noon from September through May. We have openings for teachers at both elementary and middle-school levels. We have an established curriculum for each class, but will look for creative suggestions from teachers. This is a paid position.

We are seeking someone who:

- ◆ Has teaching experience and enjoys working with children
- ◆ Enjoys and is knowledgeable about the cultural aspects of Jewish life
- ◆ Wants a fun and meaningful way to significantly contribute to Jewish education in the near western suburbs of Chicago.
